

October 2021

Editorial

With the start of the school year, the constant challenge of living with type 1 diabetes becomes clear. For parents, it is once again ... educating teachers and trained staff on the needs of their children to ensure careful monitoring of diabetes during school hours or at daycare.

This is where [Fred's](#) mission is most acute:

- Inform and educate the community, through the educational establishment, about the nature of type 1 diabetes.
- Accompany and inform parents.
- Deploy resources to assist families.

We would like to say to every teacher, educator and administrative staff member: Thank you for caring for our children! Thank you for ensuring that they live their academic and social lives to their full potential within their school!

Thank you also to the entire care team who devote themselves tirelessly to the well-being of our little sweets!

We wish you a wonderful fall!

Claire Rousse

Recall of one lot of Glucagon

Eli Lilly Canada Inc. is voluntarily recalling one single lot of Glucagon (lot D239382A; DIN 02243297) due to a potential manufacturing process issue.

The contents of the GLUCAGON vial are in liquid form rather than powder, which may affect its effectiveness in treating severe hypoglycemia due to loss of power.

If you have received this product, your pharmacist will contact you to return the recalled product and obtain a replacement.

Celebrating Halloween with Fred

Your child's school has decided not to take part in Fred's Halloween

Your children are looking forward to dress up for Halloween?

campaign, this year however you would like to support our mission?

[Register here](#) before October 20 to receive, by mail, your **Fred's** fundraising ticket with a QR code, and enable your child to easily collect donations, without the hassle. He will use his energy to carry out candies!

Put a happy smile on their face with this special supper that will delight them.

Just [order this family meal box](#) (4 servings) before October 19 and comfortably await for this Halloween special menu while making everyone happy. A \$30 income tax receipt will be issued and you will enjoy this scary meal while helping **Fred's** diabetic children.

So are you feeling hungry?

Pumpkin Draw

Your children are carving a pumpkin every year? Allow them to use their imagination.

Post a picture of your pumpkin on **Fred's** Facebook page with the key word #MyFredPumpkin and like us before October 24 and take a chance to win a meal box for Halloween.

The return of the Halloween piggy banks

Fred's Halloween piggy banks are back

For the occasion, **Fred** has designed a new activity book for school children to have fun while discovering how to celebrate Halloween when you have diabetes.

Each school that participates in the campaign will be able to download the notebooks and distribute them to their students to raise awareness about the diabetes that affects their peers.

Afterwards, Glucoman will visit the school that raised the most money and

thank all his friends who participated in the campaign.

Feel free to ask your child's school to join the cause and come play with Glucoman as you practice counting carbs with our young T1Ds.

Talking about the camp

An unforgettable summer

Mission accomplished, once again, this summer.

Our last campers left Carowanis with sparkles in their eyes.

Thank you to all the parents who trusted us to offer their children an unforgettable

vacation!

Thank you also to our counselors, cooks and nurses for their unparalleled dedication to making our campers' stay a success while taking care to follow strict health guidelines!

Thank you so much for your continued support.

We are happy to have been able to provide the youth with a great summer and we would like to share these testimonials with you:

Fun for children

« MY SON WENT FOR THE FIRST TIME, TWO WEEKS AGO. HE'S 11 YEARS OLD AND DOESN'T LIKE SLEEPOVERS NOR DAYCAMP. WELL, HE LOVED IT! »

- VICKY DROUIN, MOTHER OF BENJAMIN

Fred FOUNDATION RESOURCES POUR LES ENFANTS DIABÉTIQUES

Socialize and gain autonomy

« MY DAUGHTER WENT FOR A WEEK AT CAMP BEFORE COVID-19. SHE WAS 8 YEARS OLD AND DIDN'T WANT TO COME BACK WHEN WE WENT TO BRING HER BACK. NOW SHE'S GOING FOR 2 WEEKS ON AUGUST 2ND (10 YEARS OLD, ALMOST A TEEN). SHE'S SO EXCITED TO GO AND, THAT'S WONDERFUL, SHE SAYS: MOM, I'M GONNA BE WITH NORMAL PEOPLE, AT LAST! »

« HAPPY IS NOT THE WORD. SHE DID NOT WANT TO LEAVE! THE CAMP IS LIKE HEAVEN TO HER. »

- MARIE-JOSÉE L'HEUREUX, MOTHER OF LÉONIE

Fred FOUNDATION RESOURCES POUR LES ENFANTS DIABÉTIQUES

Broaden your perspectives on life

Some rest for parents

« IF THERE'S A PLACE WHERE YOU CAN RELAX AND YOUR KIDS ARE SAFE, IT'S AT CAROWANIS!!! WE ALL HAVE STRESS, BUT YOU GO TO GET THEM, AND THEY DON'T WANT TO COME BACK!!! MY YOUNGEST WAS 7 YEARS OLD ON HIS FIRST WEEK STAY AND WHEN WE WENT TO PICK THEM UP, THEY SAID WE WANT 2 WEEKS, ONE WEEK IS NOT ENOUGH!!! THE INSTRUCTORS AND ALL THE STAFF ARE ON THE SPOT. DOCTORS, NURSES, NUTRITIONISTS ON SITE WITH A GREAT FOLLOW-UP! THERE IS NO STRESS. THEY MANAGE VERY WELL! »

- AME CHAM, MOTHER OF JULIEN

Fred FOUNDATION RESOURCES POUR LES ENFANTS DIABÉTIQUES

To be able to relax, with a peaceful mind

« IT'S WITH PEACEFUL MIND BUT ALSO WITH THE FEELING OF BEING COMPLETELY EMPTY INSIDE THAT THAT I HAND THEM OVER TO THE CARE OF A TEAM IN WHOM I HAVE BLIND TRUST. »

- KRISTEL BEAUCAGE, MOTHER OF CHARLES, JAMES AND LOGAN

Living without the worry of diabetes for a summer long

Titre de l'étude :
Keeping in Touch (KiT) – Rester en contact avec les jeunes adultes dans leur transition vers les soins pour le diabète de type 1

Chercheuse principale :

Dre Rayzel Shulman
(SickKids)

Co-chercheuse principale :

Dre Meranda Nakhla
(CUSM)

Cela vous intéresse? Pour plus d'information, contactez :

Madison.taylor2@uhn.ca

Version : 28 Jan 2021

Participez à notre étude pour aider à concevoir un outil numérique pour soutenir la transition vers les soins pour les adultes vivant avec le diabète de type 1

Nous cherchons des fournisseurs de soins en diabète (infirmières, diététiciennes, travailleurs sociaux, médecins) en Ontario et au Québec qui traitent adolescents et jeunes adultes avec le DT1 pour aider à créer un outil numérique pour faciliter transition vers soins pour adultes

Sur quoi porte l'étude?

Vous pouvez aider à concevoir un outil numérique pour que les jeunes puissent rester en contact avec leur équipe de diabète dans leur transition vers les soins pour adultes.

Qu'est-ce que cela implique?

Une entrevue d'une à deux heures par téléphone ou par téléconférence pour aider à concevoir l'algorithme du message texte pour l'outil numérique.

Y a-t-il des avantages à participer?

Vous ne retirez aucun avantage direct de la participation à cette recherche. Les participants recevront un chèque-cadeau de **50 \$** en reconnaissance de leur contribution.
