

CAMP FEES POLICY

Thanks to the annual contribution from **FRED** (Diabetic Children's Foundation), camp costs for families are kept to a minimum.

In order to allow Camp Carowanis and **FRED** to help as many families as possible, we have established a payment structure that allows families with financial resources to pay camp fees that are closer to **the actual cost of a camp stay**.

Rest assured that no matter what level of camp fees you pay, it will have absolutely no impact on the amazing experience your child will have at Carowanis.

Be aware that Tier #1 covers barely half of the actual cost of a camp stay. Please choose the tier that your family can actually afford. And if you can, consider making a donation. Thank you for taking the time to think about it!

We sincerely appreciate your support in helping us provide a safe and unique camp experience for all children living with type 1 diabetes. Camp Carowanis has been doing just that for 65 years and hopes to continue to do so with your help.

N.B.: If you and your family find the #1 tier difficult to meet financially, please feel free to complete the *"Request for Financial Assistance"* form provided in the registration process. **FRED** is here to support families who want to provide a special camp experience for children living with diabetes through the **FRED Bursary**.

2024 CAMP FEES

1 WEEK STAY

Tier #1	950 \$
Tier #2	1 100 \$
Tier #3	1 350 \$
