NEW LEADERSHIP, NEW MOMENTUM!

The FRED team is delighted to announce the arrival of Chantal Laferrière as our **new Executive Director**, ready to guide our mission to new heights!

With over 25 years of experience in communications, strategy, and philanthropy, Chantal brings a deep passion for mental health and social inclusion. Thanks to her varied career path, she has led organizations dedicated to providing psychosocial rehabilitation and social reintegration services, demonstrating a strong commitment to the autonomy and quality of life of the people she accompanies. With her remarkable expertise in philanthropic management, Chantal has developed innovative strategies for fundraising, communications, and donor loyalty. Her diverse experience, ranging from non-profit organization leadership to her role as a philanthropic management consultant, testifies to her ability to mobilize resources and stimulate social impact. We look forward to

Chantal Laferrière
Executive Director
FRED

working with Chantal Laferrière to continue serving our community with dedication and excellence.

Montreal's 21K

FRED recently participated in the Montreal 21K Challenge, and we're absolutely amazed by your incredible generosity and commitment. Thanks to you, we raised **\$22,023.03**, surpassing our initial goal of \$20,000! We thank you from the bottom of our hearts for your contribution and continued support.

We are also pleased to announce the long-awaited results of the friendly competition between Team FRED and Team Camp Carowanis! **Team Fred** crossed the finish line in the lead with an average speed of **5:75/KM** (minutes per kilometer), while **Team Camp Carowanis** posted an average of **6:40/KM**. Congratulations to all teams on their outstanding performances!

11th Symposium of Professionals in Pediatric Diabetes

On May 9 and 10, the 11th Pediatric Diabetes Professional Symposium was held, presented by CHU Sainte-Justine in collaboration with FRED.

The event brought together healthcare experts from a variety of backgrounds, all involved in the management of type 1 diabetes.

Participants had the opportunity to attend several educational conferences aimed at deepening their knowledge on the subject, thus helping to improve the care of children living with diabetes. We are grateful to all the speakers and participants for their commitment and contribution to the success of this event.

Thank you, everyone!
